

Capybara Experience

Our Capybara Experience offers you the chance to get up close and personal with these sociable and fascinating animals, making your day at the zoo truly memorable!

After an introductory briefing you will then have the amazing experience of feeding our Capybaras with one of our Keepers, as well as the opportunity to ask any questions you may have.

By buying this gift, for yourself or for someone else, not only will it be an experience to remember but you will also be contributing to our conservation work both here and around the world, helping to save animals from extinction.

Your experience will start at either 10am or 3pm and last around 30 minutes. We request that you arrive 15 minutes prior to your start time in order to brief you on health and safety requirements.
